

Aunt Ann's Agency

Founder Ann M. Collins

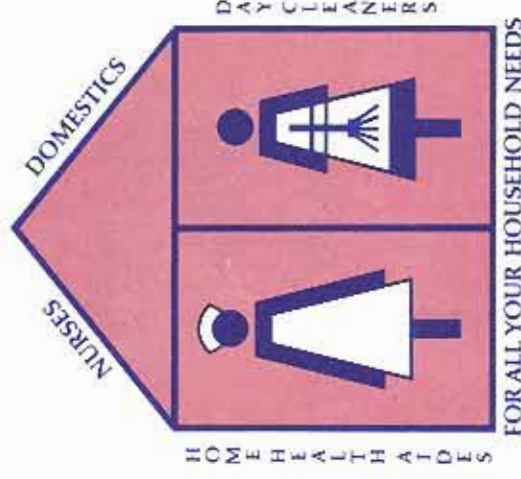

Ann M. Collins founded AUNT ANN'S AGENCY in 1958. She did so in response to the need for qualified household help expressed by her own five children and their friends.

Today Aunt Ann, now in her eighties, looks in on two generations of her family-operated agency as well as attending college and yoga classes.

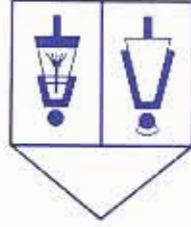

Ann is still concerned that each and every person sent from her agency is thoroughly screened so that she can assure all clientele that the people who render services on her behalf, do so with commitment, skill and love that she herself would offer.

Her dedication to provide the best in qualified nurses and domestic help continues to inspire Aunt Ann's personnel counselors to provide excellent service for both the applicant and the client.
